so there was this guy i liked & i still rlly miss & luv him & i thought he loved me too bc he would like my tweets abt him & he said i was cute like directly . i tweeted when i was upset once & asked if i was cute & replied saying “yes!” on his own accord . he'd send me cute gifs and hearts and even said he loved me . and he was and still feels like everything 2 me . & then he randomly blocked me & said he was uncomfortable & gay [IM NOT EVEN A WOMAN EITHER 😭 ppl jst see me that way a LOT bc im afab & still like some feminine pronouns/nouns and clothes . but like my gender is actually incredibly fucked up . i tweeted abt it before saying i feel like a girl thats a boy whos a boy thats a girl whos a fucked up creature bc thats the only way ik how 2 describe myself . i do not feel like a girl in a cisgender way tho & i literally forced myself 2 id as cis again in the past bc this guy i was close to only saw me as a woman & i felt like it wasnt worth it being myself if no one saw me 4 who i am . but like idk it kinda hurt 2 have that thrown in my face . i feel like bro jst didnt see me as who i rlly am bc i was born female . & if he rlly saw me that way & was uninterested , he shouldnt have said otherwise bc i feel RLLY used and lead on now + i have bigender in my bio bc i simplify myself down 2 that bc i feel like both a girl and a boy in a non-binary way if that makes sense ??]

he makes me so sick bc of this but at the same time i love him still and it hurts . i miss the other night when he kept making me blush & he said i was cute and i felt like my face was going to fucking melt off from blushing so hard . HE EVEN LIKED MY SHIP ART I MADE OF US TOO like I MISS WHEN I FELT SO LOVED BY HIM but i also feel sick bc of him and i want to blow my brains out on his door step . which is a very unhealthy thing 2 say but im fucking ill & this feels like the end of the world . it actually hurts so bad its agonizingly painful . i feel like my heart has been ripped to shreds and like a huge chunk has been taken from me . i dont understand anything . i feel like ppl jst wanna use me all the time
